PROFILE

User experience designer with 3 years experience in complex web and mobile application designs. With a keen focus on user needs, I have helped to increase user satisfaction by 20% and improved conversions by 25% in my current role through interactively tested, data-driven, and user-centric design. Looking to leverage my skills to bring monetized improvements in my next role.

WORK EXPERIENCE

UI/UX DESIGNER - SENIOR ASSOCIATE

APRIL 2022 - PRESENT | AMALITECH GHANA LIMITED, TAKORADI, GHANA

- Led a team of eight to successfully build and deploy a multi-tenant SaaS advent calendar application for AmaliTech, which generated funds to support AmaliTech's social projects.
- Handled the overall user interface design and user experience for the advent calendar SaaS application using Figma.
- Responsible for interfacing with clients to understand business goals and product requirements

UI/UX DESIGNER - ASSOCIATE

APRIL 2021 - MARCH 2022 | AMALITECH GHANA LIMITED, TAKORADI, GHANA

- Successfully designed the overall user interface and experience of a salesforce commerce shop for Nexum AG.
- Was responsible for the entire user interface and experience design for Amalifair, a SaaS virtual conferencing platform.
- Created design systems to ensure effective collaboration and consistent design and development across board.

UI/UX DESIGNER - JUNIOR ASSOCIATE

JULY 2020 - MARCH 2021 | AMALITECH GHANA LIMITED, TAKORADI, GHANA

- Worked closely with other designers to build the entire user interface and experience for a virtual events application for the German Chamber of Commerce in Ghana.
- Designed the user interface for a freelance web application for AmaliTech.
- Conducted user research to understand user goals and frustrations which informed various design decisions.
